

KENT ELECTRICAL UTILITY STATION

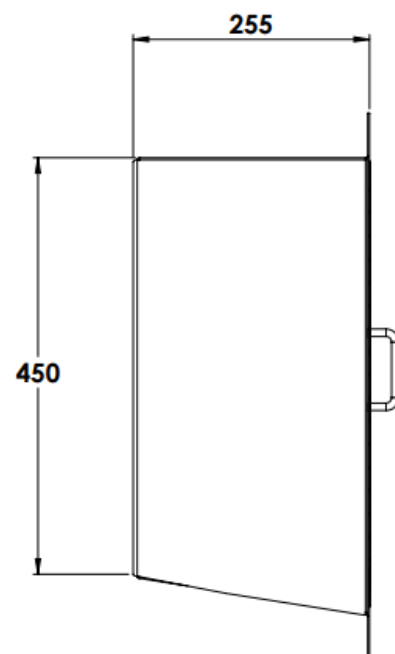

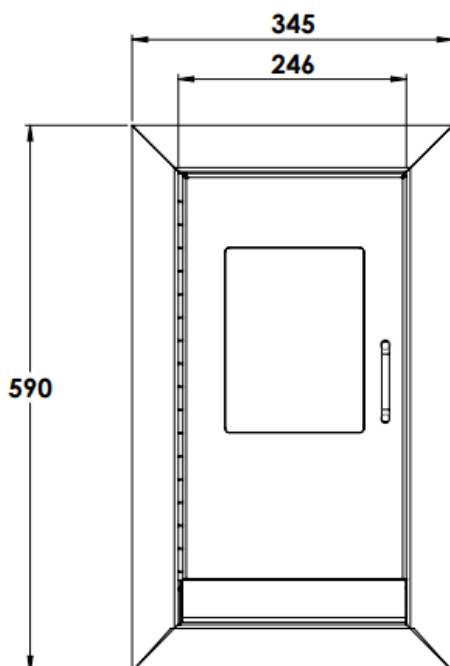

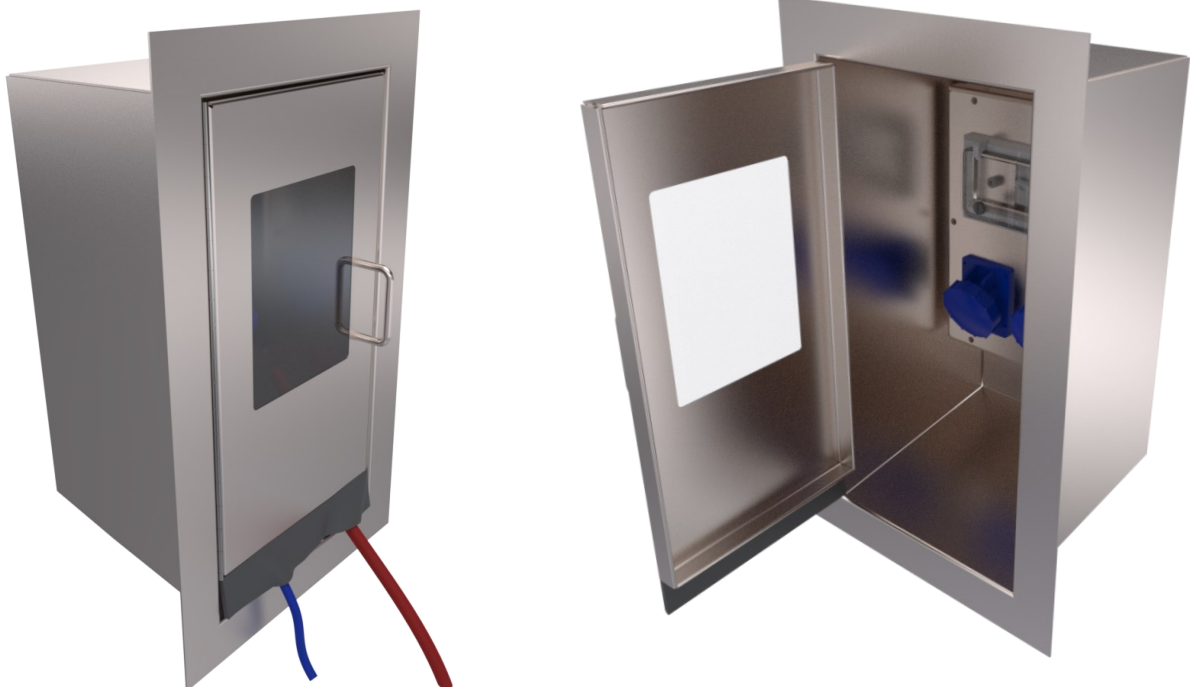

Kent Electrical Utility Stations, (KEUS246) are designed to house electrical services in clean room environments.

The wall recessed stations are manufactured to suit various power outlets and have a rubber flap to allow the passing of cables while the door is closed.

The utility stations feature a D handle on the door with a piano hinge and can be easily cleaned with minimal crevices throughout the design.

Features

- Grade 304L/316L Stainless Steel
- Satin finish 320 grit polished
- Hinged door with glass panel, hinge placement optional to suit needs
- Made to suit wall thickness
- Customs sizes available
